America on Fire: The Untold History of Police Violence and Black Rebellion Since the 1960s Ballantine Books

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

50 Indigenous Leaders, Dreamers, and Changemakers from Past and Present W.W. Norton & Company

• A New Republic Best Book of the Year • The Globalist Top Books of the Year • Winner of the Maine Literary Award for Non-fiction • Particularly relevant in understanding who voted for who in this presidential election year, this is an endlessly fascinating look at American regionalism and the eleven “nations” that continue to shape North America According to award-winning journalist and historian Colin Woodard, North America is made up of eleven distinct nations, each with its own unique historical roots. In *American Nations* he takes readers on a journey through the history of our fractured continent, offering a revolutionary and revelatory take on American identity, and how the conflicts between them have shaped our past and continue to mold our future. From the Deep South to the Far West, to Yankeedom to El Norte, Woodard (author of *American Character: A History of the Epic Struggle Between Individual Liberty and the Common Good*) reveals how each region continues to uphold its distinguishing ideals and identities today, with results that can be seen in the composition of the U.S. Congress or on the county-by-county election maps of any hotly contested election in our history.

Lynching Photography in America NYU Press

This distinctive, class-tested primary source reader tells America’s story through the words and other creative expressions of the ordinary and extraordinary Americans who shaped it. “Points of View” sections provide varied vantage points on important topics, and select images draw students into interpreting the visual record. This carefully crafted, ready-to-go collection saves instructors time and effort in finding consistently engaging and informative sources.

Mass Incarceration in the Age of Colorblindness Houghton Mifflin College Division

The two-color Value Edition includes the full narrative, the popular nine-part organization, and select images and maps.

An Interpretive History, Books a la Carte Edition Macmillan

#1 NEW YORK TIMES BESTSELLER • NATIONAL BOOK AWARD WINNER • NAMED ONE OF TIME’S TEN BEST NONFICTION BOOKS OF THE DECADE • PULITZER PRIZE FINALIST • NATIONAL BOOK CRITICS CIRCLE AWARD FINALIST • ONE OF OPRAH’S “BOOKS THAT HELP ME THROUGH” • NOW AN HBO ORIGINAL SPECIAL EVENT Hailed by Toni Morrison as “required reading,” a bold and personal literary exploration of America’s racial history by “the most important essayist in a generation and a writer who changed the national political conversation about race” (Rolling Stone) NAMED ONE OF THE MOST INFLUENTIAL BOOKS OF THE DECADE BY CNN • NAMED ONE OF PASTE’S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY The New York Times Book Review • O: The Oprah Magazine • The Washington Post • People • Entertainment Weekly • Vogue • Los Angeles Times • San Francisco Chronicle • Chicago Tribune • New York • Newsday • Library Journal • Publishers Weekly In a profound work that pivots from the biggest questions about American history and ideals to the most intimate concerns of a father for his son, Ta-Nehisi Coates offers a powerful new framework for understanding our nation’s history and current crisis. Americans have built an empire on the idea of “race,” a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? *Between the World and Me* is Ta-Nehisi Coates’s attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children’s lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bracingly confronts our present, and offers a transcendent vision for a way forward.

The History and Theory of Preservation in America Pearson Higher Ed

The first "accidental president," whose secret maneuverings brought Texas into the Union and set secession in motion When William Henry Harrison

died in April 1841, just one month after his inauguration, Vice President John Tyler assumed the presidency. It was a controversial move by this Southern gentleman, who had been placed on the fractious Whig ticket with the hero of Tippecanoe in order to sweep Andrew Jackson's Democrats, and their imperial tendencies, out of the White House. Soon Tyler was beset by the Whigs' competing factions. He vetoed the charter for a new Bank of the United States, which he deemed unconstitutional, and was expelled from his own party. In foreign policy, as well, Tyler marched to his own drummer. He engaged secret agents to help resolve a border dispute with Britain and negotiated the annexation of Texas without the Senate's approval. The resulting sectional divisions roiled the country. Gary May, a historian known for his dramatic accounts of secret government, sheds new light on Tyler's controversial presidency, which saw him set aside his dedication to the Constitution to gain his two great ambitions: Texas and a place in history.

Notable Native People One World

Named one of the most important nonfiction books of the 21st century by Entertainment Weekly, Slate, Chronicle of Higher Education, Literary Hub, Book Riot, and Zora A tenth-anniversary edition of the iconic bestseller—“one of the most influential books of the past 20 years,” according to the Chronicle of Higher Education—with a new preface by the author “It is in no small part thanks to Alexander’s account that civil rights organizations such as Black Lives Matter have focused so much of their energy on the criminal justice system.” —Adam Shatz, *London Review of Books* Seldom does a book have the impact of Michelle Alexander’s *The New Jim Crow*. Since it was first published in 2010, it has been cited in judicial decisions and has been adopted in campus-wide and community-wide reads; it helped inspire the creation of the Marshall Project and the new \$100 million Art for Justice Fund; it has been the winner of numerous prizes, including the prestigious NAACP Image Award; and it has spent nearly 250 weeks on the New York Times bestseller list. Most important of all, it has spawned a whole generation of criminal justice reform activists and organizations motivated by Michelle Alexander’s unforgettable argument that “we have not ended racial caste in America; we have merely redesigned it.” As the *Birmingham News* proclaimed, it is “undoubtedly the most important book published in this century about the U.S.” Now, ten years after it was first published, The New Press is proud to issue a tenth-anniversary edition with a new preface by Michelle Alexander that discusses the impact the book has had and the state of the criminal justice reform movement today.

An accessible and educational illustrated book profiling 50 notable American Indian, Alaska Native, and Native Hawaiian people, from NBA star Kyrie Irving of the Standing Rock Lakota to Wilma Mankiller, the first female principal chief of the Cherokee Nation Celebrate the lives, stories, and contributions of Indigenous artists, activists, scientists, athletes, and other changemakers in this beautifully illustrated collection. From luminaries of the past, like nineteenth-century sculptor Edmonia Lewis—the first Black and Native American female artist to achieve international fame—to contemporary figures like linguist jessie little doe baird, who revived the Wampanoag language, *Notable Native People* highlights the vital impact Indigenous dreamers and leaders have made on the world. This powerful and informative collection also offers accessible primers on important Indigenous issues, from the legacy of colonialism and cultural appropriation to food sovereignty, land and water rights, and more. An indispensable read for people of all backgrounds seeking to learn about Native American heritage, histories, and cultures, *Notable Native People* will educate and inspire readers of all ages.

American Gods The New Press

"Whiteness pays. As *White by Law* shows, immigrants recognized the value of whiteness and sometimes petitioned the courts to be recognized as white. Haney Lopez argues for the centrality of law in constructing race."--Voice Literary Supplement
 "White by Law's thoughtful analysis of the prerequisite cases offers support for the fundamental critical race theory tenet that race is a social construct reinforced by law. Haney Lopez has blazed a trail for those exploring the legal and social constructions of race in the United States."--Berkeley Women's Law Journal
 Lily white. White knights. The white dove of peace. White lie, white list, white magic. Our language and our culture are suffused, often subconsciously, with positive images of whiteness. Whiteness is so inextricably linked with the status quo that few whites, when asked, even identify themselves as such. And yet when asked what they would have to be paid to live as a black person, whites give figures running into the millions of dollars per year, suggesting just how valuable whiteness is in American society. Exploring the social, and specifically legal origins, of white racial identity, Ian F. Haney Lopez here examines cases in America's past that have been instrumental in forming contemporary conceptions of race, law, and whiteness. In 1790, Congress limited naturalization to white persons. This racial prerequisite for citizenship remained in force for over a century and a half, enduring until 1952. In a series of important cases, including two heard by the United States Supreme Court, judges around the country decided and defined who was white enough to become American. *White by Law* traces the reasoning employed by the courts in their efforts to justify the whiteness of some and the non-whiteness of others. Did light skin make a

Fifth Edition, One Volume, Seagull Pearson

Bestselling author Sherman Alexie tells the story of Junior, a budding cartoonist growing up on the Spokane Indian Reservation. Determined to take his future into his own hands, Junior leaves his troubled school on the rez to attend an all-white farm town high school where the only other Indian is the school mascot. Heartbreaking, funny, and beautifully written, *The Absolutely True Diary of a Part-Time Indian*, which is based on the author's own experiences, coupled with poignant drawings by Ellen Forney that reflect the character's art, chronicles the contemporary adolescence of one Native American boy as he attempts to break away from the life he was destined to live. With a forward by Markus Zusak, interviews with Sherman Alexie

and Ellen Forney, and four-color interior art throughout, this edition is perfect for fans and collectors alike.

America's History AmericaPast and Present

Shadow is a man with a past. But now he wants nothing more than to live a quiet life with his wife and stay out of trouble. Until he learns that she's been killed in a terrible accident. Flying home for the funeral, as a violent storm rocks the plane, a strange man in the seat next to him introduces himself. The man calls himself Mr. Wednesday, and he knows more about Shadow than is possible. He warns Shadow that a far bigger storm is coming. And from that moment on, nothing will ever be the same...

America's History Pearson College Division

This report considers the biological and behavioral mechanisms that may underlie the pathogenicity of tobacco smoke. Many Surgeon General's reports have considered research findings on mechanisms in assessing the biological plausibility of associations observed in epidemiologic studies. Mechanisms of disease are important because they may provide plausibility, which is one of the guideline criteria for assessing evidence on causation. This report specifically reviews the evidence on the potential mechanisms by which smoking causes diseases and considers whether a mechanism is likely to be operative in the production of human disease by tobacco smoke. This evidence is relevant to understanding how smoking causes disease, to identifying those who may be particularly susceptible, and to assessing the potential risks of tobacco products.

Amtrak, America's Railroad Liveright Publishing

AmericaPast and PresentPrentice Hall

American Stories Harper Collins

Discover the story of Amtrak, America's Railroad, 50 years in the making. In 1971, in an effort to rescue essential freight railroads, the US government founded Amtrak. In the post-World War II era, aviation and highway development had become the focus of government policy in America. As rail passenger services declined in number and in quality, they were simultaneously driving many railroads toward bankruptcy. Amtrak was intended to be the solution. In *Amtrak, America's Railroad: Transportation's Orphan and Its Struggle for Survival*, Geoffrey H. Doughty, Jeffrey T. Darbee, and Eugene E. Harmon explore the fascinating history of this popular institution and tell a tale of a company hindered by its flawed origin and uneven quality of leadership, subjected to political gamesmanship and favoritism, and mired in a perpetual philosophical debate about whether it is a business or a public service. Featuring interviews with former Amtrak presidents, the authors examine the current problems and issues facing Amtrak and their proposed solutions. Created in the absence of a comprehensive national transportation policy, Amtrak manages to survive despite inherent flaws due to the public's persistent loyalty. *Amtrak, America's Railroad* is essential reading for those who hope to see another fifty years of America's railroad passenger service, whether they be patrons, commuters, legislators, regulators, and anyone interested in railroads and transportation history.
